**BEGINNERS:** Ever thought you can sense spirit or just 'know' things about people? Take the first steps on the road to discovering your psychic and spiritual gifts in a friendly and welcoming environment. 'You will never know until you take the first step.'

**INTERMEDIATE:** Build on the foundations of previous learning and take a step higher and closer with spirit communication. Let's sort out those queries and difficulties you may have been experiencing with your progress. Be prepared to stretch yourself with practical work. We know you can do it!

**ADVANCED:** You already know that Mediumship is a sacred task. Whether you are working on platform, giving readings or aspiring to reach higher, be the best you can be. Come and give your mediumship the boost it deserves. Platform demonstrating, presentation techniques, theory of the mind in mediumship. Burnish your skills until they shine brighter and let them reflect SPIRIT to the world.
